Full-Service, State Of The Art Fabrication Shop With Large, Overhead Cranes

3.

Certified to Build ASME Section VIII Division 1 Pressure Vessels & Perform Alterations & Repairs to the National Board Inspection Code

4.

Valid "U", "UM", & "R" Stamp Holder

5.

Pressure Vessels up to 12' OD in Lengths up to 30' & with up to 5000# PSIG Working Pressures

6.

Piping to ASME B31.3 & API 1104 Codes

7.

Custom Structural Welding

8.

Structural & ASME Code Welders Qualified to our In-House Quality Control Program, ASME Section IX & NBIC

9.

Welding Procedures Developed to Meet ASME Section IX for SAW, MIG, SMAW, & V

10.

In-House Nondestructive Testing Including: Nondestructive Magnetic Particle & Dye Penetrant Examinations, Hydro Testing & Ultrasonic Thickness

11.

Third Party Inspection Available for Radiography, Ultrasonic Flaw Detection, Hardness & Impact Testing, & CWI Inspection

12.

Pickup & Delivery & Field Inspections Available

13.

State of the Art Blasting, Painting & Coating Facilities

14.

Full Machine Shop Services
